

INFORMED CONSENT FOR IN-PERSON SERVICES DURING COVID-19 PUBLIC HEALTH CRISIS

Client Name: _____ Date: _____

This document contains important information about our decision (yours and ours) to resume in-person services in light of the COVID-19 public health crisis. Please read this carefully and let me know if you have any questions. When you sign this document, it will be an official agreement between you and Madraigos Midwest.

Decision to Meet Face-to-Face

The above named client has agreed to meet in person for some or all future sessions. If there is a resurgence of the pandemic or if other health concerns arise, however, Madraigos Midwest may require that meetings resume exclusively via telehealth. If you have concerns about meeting through telehealth, your Madraigos Clinician will address that concern and any issues that arise.

If you decide at any time that you would feel safer staying with, or returning to, telehealth services, Madraigos Midwest will respect that decision, as long as it is feasible and clinically appropriate. Reimbursement for telehealth services, however, is also determined by the insurance companies and applicable law.

Risks of Opting for In-Person Services

You understand that by coming to the office, you are assuming the risk of exposure to Covid-19 (or other public health risk). This risk may increase if you do not adhere to public health guidance (i.e. follow proper social distancing, etc...) or travel by public transportation, cab, or ridesharing service.

Madraigos Midwest Policy and Your Responsibility to Minimize Your Exposure

To obtain services in person, you agree to take certain precautions which will help keep everyone (you, Madraigos Midwest Staff, other clients and all of our families) safer from exposure, sickness and possible death. If you do not adhere to these safeguards, it may result in starting / returning to a telehealth arrangement. By signing this document, you acknowledge that you understand and agree to the policies below.

- You will only keep your in-person appointment if you are symptom free. Clients with symptoms will not be permitted to enter the building
- You agree take your temperature before coming to each appointment. If it is elevated (100 Fahrenheit or more), or if you have other symptoms of the coronavirus such as a cough, shortness of breath, and/or chills, you agree to cancel the appointment or proceed using telehealth. If you wish to cancel for this reason, you will not be charged your normal cancellation fee.
- You will wait in your car or outside until your designated appointment time.

- You agree to go through a medical screening before entering the building, which will include having your temperature taken, answering screening questions, and ensuring that you are wearing a face covering.
- You agree to wash your hands or use alcohol-based hand sanitizer which will be provided for you upon entering the building.
- You agree to adhere to the safe distancing precautions we have set up in the waiting room and therapy room.
- You will wear a mask or face covering in all areas of the office.
- You will keep a distance of 6 feet and there will be no physical contact with staff (i.e shaking hands).
- You will try not to touch your face or eyes with your hands. If you do, you will immediately wash or sanitize your hands.
- You will take steps between appointments to minimize your exposure to COVID
- If you have a job that exposes you to other people who are infected, you will immediately let your clinician know.
- If you or a resident of your home tests positive for the infection, you will immediately let your clinician know and will then [begin] resume treatment via telehealth for the isolation period.

Public health guidelines on returning to in-person services after suspected or confirmed Covid-19 exposure will be followed. All of the above precautions are subject to change if additional local, state or federal orders or guidelines are published. If that happens, we will talk about any necessary changes.
